

Flexible eInvoicing Submission

Easy eInvoicing

One-Size-Doesn't-Need-To-Fit-All

With Taulia, making the switch to electronic invoicing doesn't have to be a complicated or challenging process. Taulia's integrated eInvoicing solution, Inbox by Taulia™, does all the work for you! Inbox by Taulia offers flexible options for submitting eInvoices that accommodate all of your suppliers – regardless of their size, current systems or processing needs.

Flexible Submission

Every Supplier can be an eInvoicing Supplier

With Taulia's unlimited eInvoicing submission options, you can remove all barriers to supplier adoption, removing more paper in less time and achieving 100% electronic invoicing.

with **Taulia:**

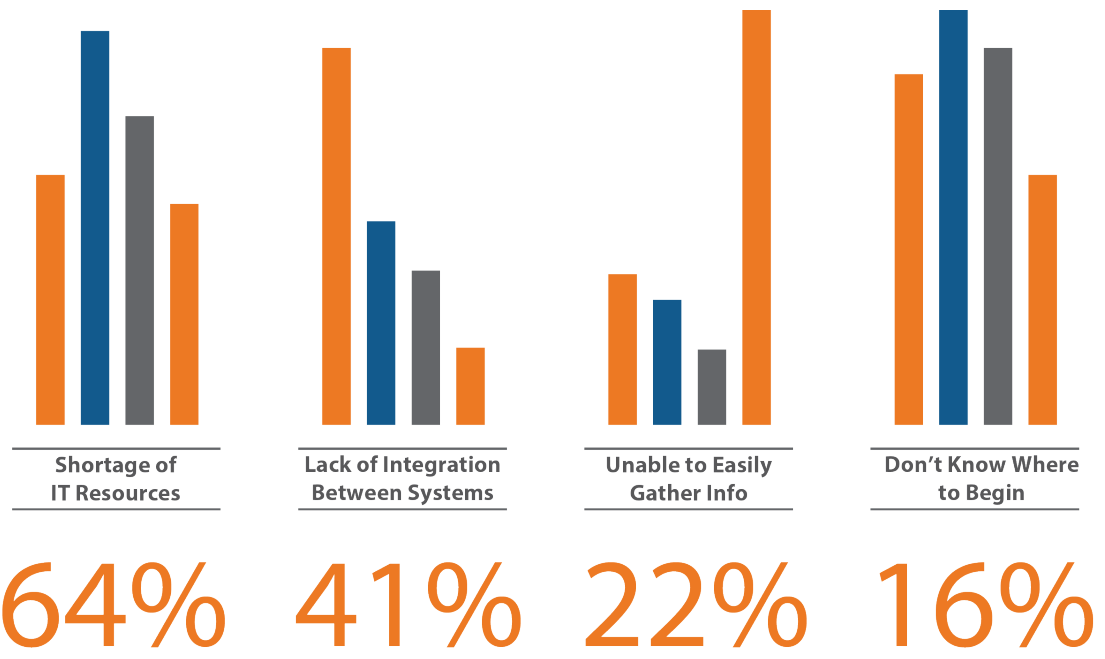

No additional IT, hardware or software is needed

eInvoices **seamlessly integrate** into SAP, Oracle or other ERP systems

Invoice **information** is available **24/7** through the **free** supplier portal

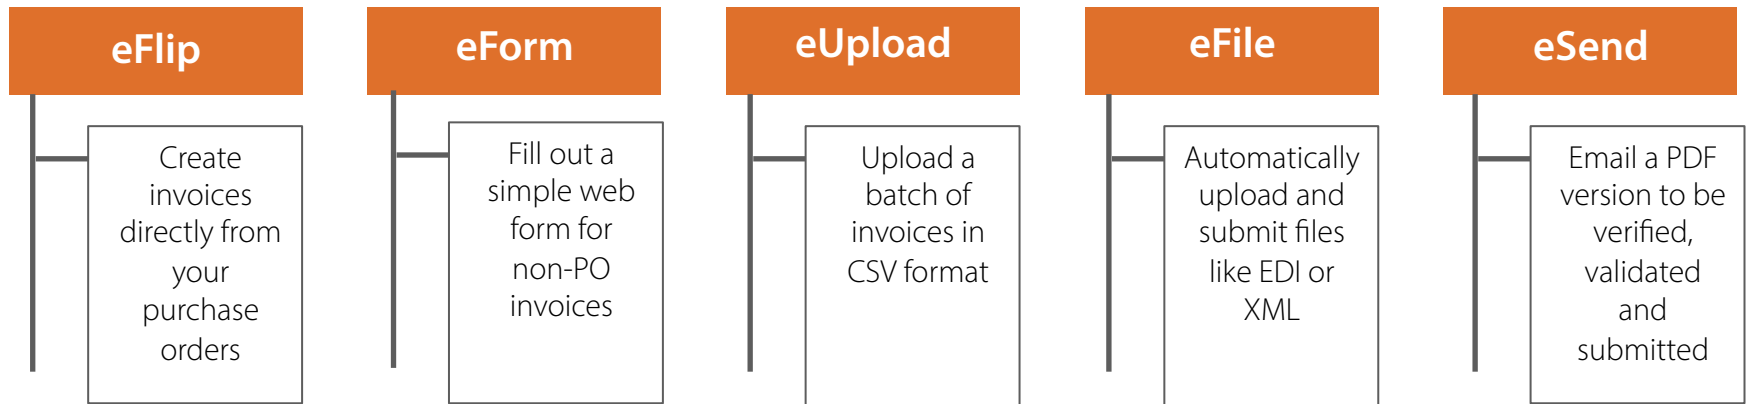

Taulia **on-boards and trains** all suppliers on the platform

Flexible Submission

Host of Benefits

Reduce Manual Data Entry Errors

Create invoices directly in the system and drastically reduce data errors

Increase Visibility

Within the supplier portal, suppliers can see the status of their invoices 24/7 – eliminating calls into your AP Department

Removal of Time-Consuming Paper-Based Processes

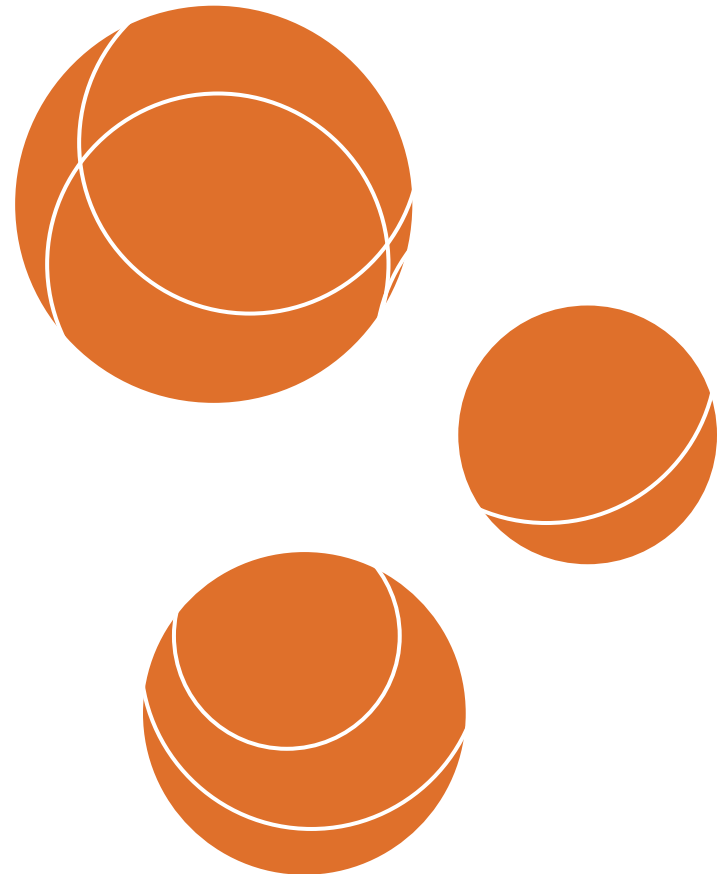

Processing electronic invoices costs \$1.25 per invoice versus the \$15.00 per invoice it costs to process paper invoices

Maximize Discount Capture

By streamlining invoice processing operations, you can greatly increase the capture of early payment discounts

Gain Maximum Flexibility

With our unlimited submission options, your entire supply chain can participate in eInvoicing – regardless of their size or current systems
